

Specifications

FOR CUSTOM PRINTED CARD DECKS

- We can print your cards any size and any number of cards in the deck.
- The print-ready PDF should include the front and back for each card.
- Do not round corner the PDF if you want the cards round corner cut. We print the cards with square corners and then cut round corners.
- Text on cards should be 1/4 from edge of cards.
- Final print ready PDFs must include crop marks and .1875" bleed.
- Final PDF must be saved/created as "PRESS QUALITY PDF". Please double check your settings before submitting final PDF.
- Please be sure to use hi-res images that are 300 DPI minimum. Final files that are supplied with low-res images will result in poor quality printing.
- All files that are not supplied according to these specifications are subject to additional production charges.

.25" inside entire document

The diagram shows a white rectangular area representing a photo, surrounded by a thick orange border. Inside the white area, there is a dashed green line forming a rectangle. The text 'BACK' is centered at the top, followed by '2.5" W x 3.5" H' and 'Image Area' below it. The dashed green line is positioned such that the text is centered within it.
